WG-708 DEXCUT®

The Wonder Grip® WG-708 Dexcut® is a 15-gauge glove offering ISO 13997 level D and ANSI/ISEA 105 level A4 cut protection. Its liner combines Tsunooga™ high-performance polyethylene (HPPE) fibre with spandex, delivering outstanding tensile strength, durability, and flexibility while remaining lightweight and skin-friendly for extended comfort. Designed with a ¾ nitrile back-coating, the WG-708 ensures reliable protection and grip in both dry and oily environments. Balancing robust cut resistance with ergonomic comfort, it is an ideal choice for industries requiring both safety and liquid resistance, enabling secure, efficient handling in demanding work conditions.

KEY FEATURES

- ✔ Soft, flexible liner engineered with Tsunooga® Japanese yarn to provide A4/D cut protection
- ✔ Extremely robust and flexible nitrile coating offering strong resistance to oil and mechanical wear
- ✔ Anatomically engineered to reduce hand fatigue and improve comfort
- ✔ Longer cuff providing extended protection and comfort

TYPE OF PROTECTION

- Liquids
- Heat resistance
- Industrial oils
- Cut resistance

APPLICATIONS

- Mechanical industry
- Automotive
- Oil and Gas
- Mining industry
- Metallurgy
- Glass
- Waste management

NORMS AND CERTIFICATIONS

EN 388 — 4X43D

EN 407 — X1XXXX
