WG-788 DEXCUT®

The Wonder Grip® WG-788 Dexcut® is a 13-gauge glove delivering ISO 13997 level D cut protection, constructed with a liner made from Tsunooga™ high-performance polyethylene (HPPE) fibre, mineral fibres, and elastane. The Tsunooga™ fibre provides superior cut resistance while remaining lightweight, flexible, and comfortable for extended wear.

With its single nitrile coating enhanced by Wonder Grip Performance™ technology, the WG-788 offers strong grip, unrivalled flexibility, and certified heat resistance (EN 407:2004 X1XXXX), ensuring dependable performance in demanding conditions. In addition, the glove is touchscreen compatible, allowing professionals to use smartphones and digital devices without removing their protection.

The Wonder Grip® WG-788 Dexcut® combines advanced cut protection, heat resistance, and ergonomic design with modern practicality, making it the ideal choice for workers who require safety, comfort, and digital connectivity on the job.

KEY FEATURES

- ✔ Soft, flexible liner engineered with Tsunooga® Japanese yarn to provide A4/D cut protection
- ✔ Excellent tactile sensitivity with superior comfort
- ✔ Reinforced thumb area for increased protection and extended service life
- ✔ Touchscreen-compatible for improved usability

TYPE OF PROTECTION

- Heat resistance
- Cut resistance

APPLICATIONS

- Automotive
- Assembly
- Glass
- Metallurgy
- Public authorities
- Warehousing packing and logistics
