

WG-0028L Kynethic Light Guard

The Wonder Grip® WG-0028L Kynethic Light Guard is a 30 cm long glove engineered for wet and oily environments, combining liquid protection, breathability, and dexterity. It features the Wonder Grip Absolute™ coating, produced through a patented coagulant-free solidification process that removes chemical coagulants, DMF, and methanol, reducing VOC emissions and supporting sustainable production. Its nano-engineered, single-layer PU film delivers reliable grip in wet or oily conditions while remaining lightweight, flexible, and breathable. With a seamless liner and ergonomic fit, the WG-0028L ensures comfort, dexterity, and precision handling, making it ideal for demanding tasks in moisture-exposed environments.

KEY FEATURES

- ✓ Water-repellent coating with a natural fit, for continuous comfort over long periods of use
- ✓ Unique micro dots on the palm for enhanced wear resistance properties and grip
- ✓ Free from harmful chemical or pollutants preserving well-being of its wearer, contributing to a greener future
- ✓ Ultra-light construction with a close ergonomic fit to reduce hand fatigue
