

WG-796 DEXCUT®

The Wonder Grip® WG-796 Dexcute® is a glass-fibre-free glove offering high cut protection with exceptional flexibility, suppleness, and tactile sensitivity. Its in-house developed 15-gauge liner combines stainless steel with unique HPPE fibre, achieving ISO 13997 level E and ANSI/ISEA 105 level A5 protection. Compared to others in its category, the 15-gauge design delivers a softer, closer fit for superior all-day comfort without sacrificing safety. Enhanced with Wonder Grip Technology™ nitrile coating, the WG-796 provides a secure, reliable grip in dry, slightly oily, and greasy conditions, ensuring precise, confident handling in demanding applications where protection and dexterity are essential.

KEY FEATURES

- ✓ High grip performance, preventing hand fatigue and contributing to safer handling of hazardous goods
- ✓ Reinforced thumb crotch for increased protection and extended use-life
- ✓ Tailored to the natural shape of the hand, reducing hand fatigue and increasing comfort
- ✓ In-house engineered, fiberglass-free liner with A5/E superior cut protection and an anatomical fit

TYPE OF PROTECTION

- Heat resistance
- Cut resistance

APPLICATIONS

- Automotive
- Mechanical industry
- Airports and ports
- Mining industry
- Metallurgy
- Public authorities
- Railways
