WG-320G THERMO LITE

The Wonder Grip® WG-320G Thermo Lite is a double latex-coated glove constructed on a 13-gauge brushed acrylic and spandex liner. The acrylic liner provides effective thermal insulation for cold protection, while spandex helps maintain flexibility, fit, and comfort during use.

Featuring a green colour for improved hand visibility on the job, the WG-320G Thermo Lite benefits from Wonder Grip Technology™ latex coating, delivering reliable grip performance while preserving excellent dexterity. Designed for work in cold environments, it ensures comfort, flexibility, and precise hand movements while keeping hands warm and protected.

KEY FEATURES

- ✔ Premium brushed acrylic liner providing additional insulation and protection against the cold
- ✔ High grip for safe handling in dry and wet applications
- ✔ Anatomically engineered to reduce hand fatigue and improve comfort

TYPE OF PROTECTION

- Cold resistance
- General purpose

APPLICATIONS

- Construction and public works
- Food industry
- Waste management
- Public authorities
- Warehousing packing and logistics
- Mining industry
