

WG-333 ROCK & STONE

The Wonder Grip® WG-333 Rock & Stone is a glove with a double latex coating constructed on a 10-gauge cotton and polyester liner. HDML™ coating specially developed by Wonder Grip® offers a non-slip surface for an outstanding grip. This unique product, specially designed for heavy work, combines: - Triple resistance: heat, cold, cut (level B ISO 13997) - Robust protection - Non-slip surface for exceptional grip

KEY FEATURES

- ✓ Soft yet robust technical liner, engineered to offer protection against the cold and heat, as well as cut level B protection
- ✓ Exceptional anti-wear properties and double protection against thermal hazards, thus outmatching similar products
- ✓ Extremely durable latex coating with increased resistance around the thumb for extended use
- ✓ Designed to reproduce the natural shape of the hand, for ease of movement and continuous wear

TYPE OF PROTECTION

- General purpose
- Cold resistance
- Cut resistance
- Heat resistance
