

# WG-522B BEE-TOUGH

The Wonder Grip® WG-522B Bee-Tough combines Bee-series™ knitting technique and a nitrile coating providing oil resistance and an optimal longlasting grip.

The upper part of the gloves is made of an ultra-lightweight liner offering both high resistance to torsion and unmatched breathability. Bee-series™ knitting technique creates a unique shape on the palm maximizing the coefficient of friction delivered by the coating itself. The low part of the glove benefits from the DuaLiner™ technology and its special support on the back of the hand ensuring a snug and secure fit.

Features Bee-series™, DuaLiner™ and a nitrile coating, WG-522B Bee-Tough sets a new standard for comfort at work, in greasy and oily environments.

#### **KEY FEATURES**

- ✓ Soft coating, enhancing hand movement for superior dexterity and reduced muscular fatique
- ✓ Knitting technique creating a unique shape on the palm and maximizing grip
- ✓ Ultra-lightweight liner offering both high resistance to torsion and unmatched breathability
- ✓ High grip performance for safe handling in dry-to-oily environments

## **TYPE OF PROTECTION**

Heat resistance

General purpose

#### **APPLICATIONS**

- Assembly
- Warehousing-packing-andlogistics
- · Construction-and-public-works

## **NORMS AND CERTIFICATIONS**

X1XXXX

13

# **INFORMATIONS**

Nitrile, Palm coated Coating level

 Support Polyester

Gauge

 Size 7, 8, 9, 10, 11

 Packaging 144 pairs / box, 12 pairs / polybag
