

WG-528L OIL GUARD

The Wonder Grip® WG-528L Oil Guard is constructed on a 15-gauge nylon liner with a triple nitrile coating, providing unrivalled abrasion, tearresistance and impermeability to industrial oils. The lightweight construction and soft finish of WG-528L Oil Guard allows the user to maintain a high level of dexterity while remaining comfortable. WG-528L Oil Guard is the glove of choice for users seeking a heavy-duty glove for damp and oily applications that do not require cut resistance.
