

WG-768 DEXCUT®

WG-768 Dexcute® is the latest innovation from Wonder Grip combining a high level of cut and cold resistance. It is a 3/4 back-coated latex winter glove (contact cold performance level 2) constructed on a 13-gauge acrylic liner mixed with HPPE and Spandex. Thanks to the Wonder Grip Technology™ coating, it brings users grip and resistance in dry and watery environments. WG-768 Dexcute® offers a high cut resistance (ISO 13997 grade D) while remaining flexible and waterproof in below-freezing conditions. WG-768 Dexcute® is a unique glove for users seeking a glove able to keep the hands warm and dry while protecting them from cuts, making it the ideal choice for outdoor winter work.

KEY FEATURES

- ✓ High grip performance for safe handling in dry and wet applications
- ✓ Water-repellent coating with a natural fit, for continuous comfort over long periods of use
- ✓ Soft flexible liner, engineered with Tsunooga® Japanese yarn to offer cut level A4/D protection
- ✓ High grip performance, preventing hand fatigue and contributing to safer handling of hazardous goods

TYPE OF PROTECTION

- Cut resistance
- Cold resistance
- Liquids
- Heat resistance

APPLICATIONS

- Airports and ports
- Waste management
- Public authorities
- Railways
- Construction-and-public-works
- Agriculture

NORMS AND CERTIFICATIONS
