

WG-780 DEXCUT®

The Wonder Grip® WG-780 Dexcute® is a 10-gauge glove delivering ISO 13997 level D cut protection and reliable thermal resistance, making it ideal for environments where both cut and cold hazards are present. Constructed with a knitted liner of aramid, acrylic, elastane, and mineral fibres, it provides excellent durability, flexibility, and insulation.

With its single nitrile palm coating, the WG-780 Dexcute® offers a secure grip and dependable abrasion resistance in demanding conditions. The glove also benefits from Wonder Grip's SZNT™ technology, specially developed to maintain flexibility even in extreme cold down to -20 °C, ensuring comfort without compromising protection.

The Wonder Grip® WG-780 Dexcute® combines advanced cut resistance with reliable cold protection, making it the ideal solution for professionals working in challenging outdoor environments.

KEY FEATURES

- ✓ Robust, thick yet soft liner, providing dexterity, protection against the cold and cut level A3/D protection
- ✓ Designed to reproduce the natural shape of the hand, for ease of movement and continuous wear
- ✓ Proprietary nitrile coating developed to guarantee very good flexibility even in sub-zero temperatures
- ✓ High grip performance for safe handling in dry-to-oily environments

TYPE OF PROTECTION

- Cold resistance
- Cut resistance

APPLICATIONS

- Agriculture
