

## WG-787L DEXCUT®

The Wonder Grip® WG-787L Dexcute® is a 13-gauge glove delivering ISO 13997 level D and ANSI/ISEA 105 level A4 cut protection, constructed with a 30 cm long liner made from Tsunooga™ high-performance polyethylene (HPPE) fibre, mineral fibres, and elastane. The Tsunooga™ fibre provides superior cut resistance while remaining lightweight, flexible, and breathable, ensuring lasting comfort during extended wear.

With its single nitrile coating, the WG-787L Dexcute® offers excellent grip and flexibility in dry and oily applications. Thanks to its extended 30 cm length, the glove ensures full protection of the hands and wrists, while the reinforced thumb crotch increases durability and guarantees a longer lifespan.

The Wonder Grip® WG-787L Dexcute® combines advanced cut resistance with ergonomic design, making it the ideal choice for professionals requiring extended coverage and performance in demanding environments.

### KEY FEATURES

- ✓ Soft flexible liner, engineered with Tsunooga® Japanese yarn to offer cut level A4/D protection
- ✓ Excellent tactile sensitivity with superior comfort, thus surpassing industry standards
- ✓ Reinforced thumb crotch for increased protection and extended use-life
- ✓ Longer cuff offering superior protection and comfort, thus surpassing industry standards

### TYPE OF PROTECTION

- Heat resistance
- Cut resistance

### APPLICATIONS

- Assembly
- Automotive
- Waste management
- Metallurgy
- Warehousing packing and logistics

### NORMS AND CERTIFICATIONS
