WG-88FP IRONPRO

The Wonder Grip® WG-88FP IronPro is a 13-gauge glove delivering ISO 13997 level D and ANSI/ISEA 105 level A4 cut protection, constructed with a liner made from Tsunooga™ high-performance polyethylene (HPPE) fibre. The Tsunooga™ fibre provides high tensile strength and durability while remaining lightweight, flexible, and comfortable for extended wear.

With its single nitrile coating, the WG-88FP IronPro offers excellent grip and flexibility in dry, slightly wet, or oily environments. In addition, thermo-plastic rubber (TPR) reinforcements are integrated on the back of the hand, providing robust impact protection for knuckles and the back of the hand while maintaining comfort and freedom of movement.

The Wonder Grip® WG-88FP IronPro combines advanced cut resistance, impact protection, and ergonomic performance with Wonder Grip® renowned gripping power, making it the ideal choice for professionals seeking innovative hand protection in demanding conditions.

KEY FEATURES

- ✔ Soft, flexible liner engineered with Tsunooga® Japanese yarn to provide A4/D cut protection
- ✔ Reinforced thumb area for increased protection and extended service life
- ✔ Touchscreen-compatible for improved usability
- ✔ Robust, soft and stretchable TPR protection ensuring safety without restricting movement

TYPE OF PROTECTION

- Heat resistance
- Cut resistance
- Impact protection

APPLICATIONS

- Metallurgy
- Construction and public works
- Airports and ports
- Railways
- Waste management
- Mining industry
