

WG-422 BEE-SMART

The Wonder Grip® WG-422 Bee-Smart encapsulates our brand-new Bee-series™ knitting technique and our new generation of latex in-house developed, the HDML™ coating. The upper part of the gloves is made of an ultra lightweight liner offering both high resistance to torsion and unmatched breathability. Bee-series™ knitting technique creates a unique shape on the palm maximizing the coefficient of friction delivered by the coating itself. The low part of the glove benefits from the Dualiner™ technology and its special support on the back of hand ensuring a snug and secure fit. WG-422 Bee-Smart sets a new standard for comfort at work, and become the ultimate glove for general handling work.

KEY FEATURES

- ✓ Ultra-lightweight liner offering both high resistance to torsion and unmatched breathability
- ✓ Knitting technique creating a unique shape on the palm and maximizing grip
- ✓ High grip performance for safe handling in dry and wet applications
- ✓ Soft coating, enhancing hand movement for superior dexterity and reduced muscular fatigue

TYPE OF PROTECTION

- General purpose
- Heat resistance

APPLICATIONS

- 建設・工事
- ストレージ・梱包作業・倉庫業界
- DIY
- 組み立て作業
