

## WG-550 AIR LITE

The Wonder Grip® WG-550 Air Lite is a single nitrile coating on a 15-gauge nylon and polyester liner. WG-550 Air Lite offers great elasticity, making hand movements easier, hence increasing the dexterity needed when performing precision tasks. The improved coating and liner are designed to give the greatest breathability and make it the most comfortable glove to wear for prolonged periods.

### KEY FEATURES

- ✓ Thin and soft liner offering suppleness, dexterity, and 360° breathability
- ✓ Enhanced hand movement for improved dexterity and reduced hand fatigue
- ✓ Maximum mechanical performance and extreme breathability
- ✓ High grip performance for precise handling in dry-to-wet applications
- ✓ Optimised fit for improved dexterity and reduced hand fatigue

### TYPE OF PROTECTION

- General purpose

### APPLICATIONS

- 機械産業
- 組み立て作業
- ストレージ・梱包作業・倉庫業界
- 航空業界
- 自動車業界

### NORMS AND CERTIFICATIONS

EN 388

4121X

### INFORMATIONS

• Support	Nylon, Polyester
• Coating	Nitrile, 手のひらコーティング
• Gauge	15
• Size	6, 7, 8, 9, 10, 11
• Packaging	144双 / 1箱, 12双 / 1袋
