

## WG-555 DUO

The Wonder Grip® WG-555 Duo is based on our innovative Dualiner™: the nylon knit wrist goes up to the middle of the hand to ensure a snug and secure fit, while the breathable microfiber knit liner for the knuckles and fingers provides excellent dexterity, softness and fingertip precision. WG-555 Duo's breathable foam nitrile coating contributes towards keeping your hands dry and maintains a great grip in a wide variety of applications, helping you overcome work challenges every day.

### KEY FEATURES

- ✓ Ultra-lightweight microfiber and nylon yarn combined liner, engineered to accelerate the sweat evaporation process
- ✓ Freedom of movement on the upper part of the hand and a snug fit on the wrist, ensuring an excellent level of sensitivity and comfort
- ✓ Proprietary foam nitrile coating, providing a secure grip in wet and slightly oily environments
- ✓ Anatomically engineered, reducing hand fatigue and ensuring an ultimate level of precision and comfort

### TYPE OF PROTECTION

- General purpose

### APPLICATIONS

- 機械産業
- 組み立て作業
- ストレージ・梱包作業・倉庫業界
- 航空業界
- 自動車業界
- 食品業界

### NORMS AND CERTIFICATIONS

EN 388

4121X

ALIM

### INFORMATIONS

• Support	Microfiber, Nylon
• Coating	Nitrile, 手のひらコーティング
• Gauge	15
• Size	7, 8, 9, 10, 11
• Packaging	144双 / 1箱, 12双 / 1袋
